

DIGITUS HDMI Ultra High Speed Connection Cable

DB-330124-010-S
EAN 4016032472018

HDMI Ultra High Speed connection cable, type A M/M, 1.0m, w/Ethernet, UHD 8K 60Hz, gold, bl

With this cable standard, the ultra high speed HDMI cable supports all current requirements – from the transmission of high-resolution UHD 8K content, two-way audio transmission (ARC) and control of HDMI devices via CEC. Internet applications can also be used without the additional need to connect an Ethernet cable (HEC). Lip Sync means that delayed lip movement is a thing of the past. This cable can also be used to transmit up to 32 audio channels and enjoy image output in 21:9 CinemaScope format. Get more out of your Blu-ray player, gaming console or HD streaming portal. Gold-plated contacts and triple shielding of the cable ensure maximum conductivity and interference-free transmission. Also supports 4K 3D in 50/60 Hz.

This cable already meets the requirements of future high-definition devices (TV, beamer, monitor) of the next generation, with higher resolutions, higher data rates and higher frame refresh rates.

- Support up to 8K with 60Hz
- Support of 4K 3D with 50/60Hz
- Support of 14 and 16 bit color dept
- Support of HDR (High Dynamic Range)
- Support Audio Return Channel (ARC)
