TE14 SERIES

IMMERSIVE COLLABORATION FOR EDUCATION AND ENTERPRISE

Today's students are tomorrow's professionals – helping to shape industry, science and progress. Our teachers and leaders demand high performance, reliability and flexibility.

The TE14 SERIES from iiyama empowers all education, training and presentation environments to seamlessly deliver engaging content, collaborative tools and thanks to our hybrid solution deck of Android 13 and OPS Slot PC features, you can be sure that no matter what your Interactive aspiration, iiyama has the simplified solution just for you.

The new Multi-Screen Display feature allows you to link multiple screens and run as many different applications as you need for dual and triple display integration in large spaces like lecture amphitheatres and large meeting/ boardrooms.

The high quality built-in 8 Array Microphone and Dual Directional Speakers support conferencing configurations and our 500Hz Frame Rate Touch sensor delivers the smoothest and fastest Touch response ever seen with added Touch features like Dual Palm Rejection and Anti-Bacterial Pens for safety in multiple user environments...

...this is why iiyama is the trusted Interactive Display brand for many of the world's largest organisations in education and business alike.

With sizes from 65", 75" and 86" everyone will benefit from the flexibility and clarity that the TE14 SERIES delivers.

TE14 SERIES
